Vote for WILLIAM P. DALE FOR THE BOARD OF PUBLIC WORKS

Mr. Dale is a manufacturer in Arlington, a life long resident of the town, and has taken an active interest in its affairs. He is now serving his fourth year as a member of the Finance Committee. We believe that he is well qualified to serve as a member of this Board, and that his election would add a valuable man to our list of public officials.

LITTLE INTEREST IN MONDAY'S ELECTION

Contests for Board of Public Works and School Board are the Features

Remember that Monday, March 2 is Election Day. There are three contests on, that may bring out a large vote, but at present it does not look as if even this will arouse much interest. It should, but judging from past experience, it will not. Why not give us a surprise and poll a big vote.

The first contest that will require the attention of the voter is on the Board of Public Works. There are two names on the ballot, but only one can be elected. The first name by reason of alphabetical order, is William P. Dale, of 1089 Mass. avenue. Mr. Dale has lived in Arlington all his life and is engaged in business here. Mr. James R. Smith of 140 Highland avenue, is the other candidate. He is of the firm of Robbins & Smith, builder and contractor of Arlington. Both are splendid men well qualified to serve, but only one can be elected.

The second contest to be decided on the ballot, is that of school committee. Three must be elected and there are four men running, each well qualified for the office. Elliott R. Barker of 26 Lombard road, John A. Bishop of 89 Franklin street and Myron W. Dale of 34 Marathon street, are up for re-election. Bradford Elmer Swift, of 26 Lakeview is the fourth candidate. He is a former principal of the Junior High School. Citizens are aware of the ability of the three first mentioned men from service rendered. The fourth candidate also can bring to the committee experience in educational matters.

The third contest is on the Planning Board. Three names are on the ballot. Only two can be elected. The first name is Walter S. Elliott, of 107 Ronald road, who was the man most responsible for having that road accepted by the town. The next name is Charles M. MacMillin, of 95 Jason street. Mr. MacMillin is filling out the unexpired term of a member who resigned. He has been giving splendid service since becoming a member of the board. The third name is Carolyn B. Reed, of 11 Wellington street. Mrs. Reed is, like the two other candidates, a Town Meeting Member. When she consented to run Mrs. Reed had no idea that there would be a contest. She, as president of the Woman's Aid Association of Symmes Arlington hospital, has shown her ability to grasp big undertakings. She has been a resident of Arlington for over 25 years. The remainder of the ballot will not give the voter any reason for stopping to consider before marking the ballot. The thing that should concern every voter is to be sure and VOTE.

ARLINGTON BOARD OF TRADE Will Discuss Town Affairs At Its Next Meeting.

The Board of Trade meets Tuesday, March 3, in G. A. R. hall. Supper at 6.30 planned by R. W. Blake. The speakers will be Nelson B. Crosby, Chairman of the Board of Selectmen and Chairman of the Joint Board of Selectmen and Public Works, who will tell us about "Town Affairs." T. O. D. Urquhart, Chief of the Arlington Police Department, who will tell us about "Police Affairs and Law Enforcement" and Professor Alexander H. Rice, Chairman of the Arlington School Committee will speak about "Arlington Schools and their relation to our Homes." A nominating committee will be named at this meeting.

JASON RUSSELL HOUSE Was Visited By Many On The Holiday.

There were some sixty who visited the Jason Russell House on Monday the day set aside as the one to celebrate Washington's birthday. Mr. Charles A. Hardy was in attendance to answer questions and direct the visitors in seeing the many interesting things in the house, as was also Mrs. Charles H. Gannett and Miss Edith Whittmore. One of the collections that seemed to attract many were the pictures of some thirty old houses in Arlington that some years ago were taken by Mr. Edward W. McGiepen of Boston, who presented it to the Robbins library where were kept the treasures of the Arlington Historical Society. Many of the houses are not torn down.

BUILDING ON SITE OF COOPER TAVERN BEING TORN DOWN

This week the work of demolishing the old Arlington House on the corner of Mass. avenue and Medford street was commenced and as we go to press the structure is minus the heavily timbered roof. What stories those old rooms could tell were they vocal. We trust that with the tearing down of the building will vanish the legend that it was entitled to be called "Cooper Tavern," in which two men were murdered April 19, 1775. It was erected 65 years after the Battle of Lexington.

MERIT BADGES AWARDED AT GIRL SCOUT RALLY

There was a most interested as well as splendid audience that gathered in Robbins Memorial Town Hall, on Saturday evening of last week, to witness the rally by Arlington Girl Scouts. Arlington may well feel proud of the showing the girls, under their efficient leaders, are making in scouting. This was demonstrated at the rally.

The opening exercises were interesting but those that followed were even more so. First came a helpful talk by Mrs. Mundy, head of the Girl Scout Patrol leaders and Senior Scouts camp at Gilmanton, N. H., who awarded badges to the following Arlington Scouts:—

Troop II 2nd class badges—Edna Anderson, Ruberta Bailey, Elizabeth Eames, Priscilla Harding, Edith Hatfield, Georgia Homer, Barbara Smith, Barbara Winn, Marjory Walcott, and Martha Wood.

3 gold stars to Barbara Winn for perfect attendance for 3 years.
Nancy Kennedy—1 gold star.
Ruberta Bailey—2 silver stars for 90% attendance.

Marjory Walcott—2 silver stars.
Edith Hatfield and Georgia Homer—1 silver star each.
Health badges to—Ruberta Bailey, Elizabeth Eames, Priscilla Harding, Edith Hatfield, Georgia Homer, Barbara Smith, Marjory Walcott.

Dancing badges to—Georgia Homer, Marjory Walcott, Barbara Winn, Edith Hatfield and Ruberta Bailey.
Merit badges awarded to—Barbara Sears, Carol Foster, Pauline Bennett, Helen Bennett, Alison Fernald, Bernice Hayes, Elizabeth Pierce, Helen Linden, Margaret Hoffman, Katherine Hoffman, Caroline Moody, Bernadine Brooks, Virginia Brooks, Helen Rice.

Tenderfoot pins to—Alice Powell, Lillian Reed, Dora Becker.
Second-class badge to—Pauline Bennett.

Silver Stars to—Pauline Bennett, Helen Bennett.
This was followed by remarks from Miss Emilie Holbrook, Metropolitan leader of the All Worlds Camp, who told of a week spent in England at Foxleafe in the New Forest, where were gathered girl scouts from every corner of the globe.

The exhibition of household arts came next and this proved of special interest. Troop 2 featured a kitchen and dining room scene. In the former, cookies were made and sold to those in the audience who wished to purchase. A knot tying race followed in which Troop 3, led by Mrs. Oscar Schnetzer won.
Laundry and parlor scenes were

featured by troop three, when afternoon tea was served in the parlor, where the troop received. Troop one presented a pageant in costume, representing all nations. Carol Foster gave the welcoming speech in a most praiseworthy manner.

The playing of the Arlington drum and bugle corps and that of the Lexington drum and bugle corps, gave great pleasure. Margaret Fernald is drum major of the former and Hazel Whiting of the latter. Lexington has made an enviable reputation in its corps but Arlington is making splendid strides in the right direction.

The exercises closed with the Good Night circle, when the good night song was sung and taps were sounded by Frances Nichols.

Mrs. Curtis H. Waterman, the commissioner, and Mrs. James A. Bailey, the deputy commissioner, assisted in the presentation of the merit badges. Mrs. Waterman also extended the word of welcome. The singing was led by Mrs. Dorothy Teague Taylor.

MRS. IRA W. HOLT STRUCK BY AN AUTO; DIES

Mrs. Ida M. Holt, wife of Mr. Ira W. Holt, a former principal of Arlington High school, passed away Wednesday morning at the Massachusetts General hospital, where she was taken the evening previous, following an automobile accident. She was crossing Commonwealth avenue near Gloucester street, when she was struck by a car operated by Oliver A. Ritchie of 142 Audubon road.

The news of Mrs. Holt's death was received in Arlington with deep regret, for while the family were residents of the town, living on Massachusetts avenue, they made many friends. Mrs. Holt is a former member of the Arlington Woman's club, having at one time, served on its Executive board. For years the family were prominently identified with the Orthodox Congregational church. Mr. Holt was one of the best teachers Arlington has ever had in its schools.

After leaving Arlington the family purchased a home at 57 Ocean street in the Ashmont section of Dorchester. Mrs. Holt came of Revolutionary ancestry. She was a native of Stratham, N. H., and the daughter of James Sinclair, one of the founders of Stratham, and Caroline Fowler of Madbury, N. H. She was married in 1883 to Mr. Holt. There are four surviving children. Horace S. Holt of Springfield, Mrs. William H. Ames of 263 Commonwealth avenue, Boston, Harold Wright Holt and Miss Edna Louise Holt, both of Ashmont. The funeral will be held Saturday at 2 P. M. from the residence of the older daughter, Mrs. Ames.

NEW QUARTERS NEEDED FOR ARLINGTON POST OFFICE

A notice posted in the front section of Arlington Post Offices, states that the lease of present location expires in July and that more commodious quarters are now required to meet the rapidly growing business of the office. Postmaster Madden will furnish full particulars to any party desiring to present proposals to the post office department.

Why Bradford E. Swift for the School Board?

No candidate for Public Office seems better prepared to serve the voters of Arlington in the office for which he is candidate than Bradford E. Swift. Mr. Swift is an Educator. For ten years he has been in educational work as teacher and principal. For the past two years he has had the opportunity to come in contact with a wider scope in education through his visits to all the Secondary schools of Massachusetts and Rhode Island in the interest of Educational publishers.

For two years he served as principal of your Junior High School. What better qualifications can a candidate have than these.

Think it over and vote right on Monday.

WHY IS THIS TRUE?

It is one of the most surprising things that one encounters in our republican form of government, and one that causes the blush of shame on the cheek of the real patriot, that thousands of citizens in almost every congressional district neglect their duties as citizens on election days.

The same is true of towns and cities when municipal officers are to be voted for, unless conflicting local interests develop into a sharp strife.

A perusal of the voting lists will disclose the fact that this non-voting contingent is almost wholly composed of people whose station in life, intelligence and education fits them to vote wisely and patriotically, many of them qualified to be leaders.

GIVE BUSINESS A REST

Next week President Calvin Coolidge re-enters the office he now holds by the overwhelming majority vote of the people of the United States. That vote was the expression of appreciation of the splendid qualities developed and the high character shown when the duties of the office he now holds were thrust upon him by the death of President Harding. The confidence of the people in their chief executive is not given to that other branch of the Government, the U. S. Congress, either as at present composed or as it will be when again it is legally convened. It is with a feeling of relief, therefore, that the business interests of the country contemplate the final adjournment of the present session of Congress on March 4.

This feeling of relief has its foundation or source in the almost unanimous reports of newspaper correspondents in Washington that no extra session, that would call to service men chosen last November as representatives and senators, will be called by the newly inaugurated President. As one correspondent puts it, "The President has a theory that the country wants a respite from legislation and legislators. He preached that doctrine while Governor of Massachusetts when he urged that the people of the State be given an opportunity to catch up with legislation."

The convening of Congress with the incoming of a new administration has become a habit that it is a pleasure to see broken now that the exigencies of a world war and other kindred matters no longer exist. We have a surfeit of laws, both state and national. The average business man and the capitalist would alike be glad to have a time allowed for digestion. The fact is business now needs little more than to be let alone and it will move forward in a way most satisfactory to both manufacturer and consumer. It most heartily approves of the course newspaper correspondents say President Coolidge will follow,—to ignore precedents, and give the country a let up on legislation until next December.

WILL YOU LEND A HAND?

The American Merchant Marine Library Association is busy with a drive to secure books for the use of sailors arriving at and sailing from the port of Boston. Mrs. Curtis H. Waterman, president of Arlington Woman's Club, and Mrs. George A. Clark, president of Arlington Heights Study Club, have charge of collecting books in this town. The books are assembled in small libraries suited for the purpose and are transferred from one vessel to another at the end of voyages, so the books are literally "read to pieces." This is what has happened to the last general gathering in and a fresh lot is now earnestly solicited. The books may be left at the Robbins Library. No magazines are wanted other than the National Geographic. The collection continues until the end of this month.

Send this paper to a relative or friend out of town. It is like a long weekly letter from home.

REPORT OF SUPERINTENDENT OF ARLINGTON SCHOOLS

January 19, 1925

To the School Committee and Citizens of Arlington:

Herewith I beg to submit, in my second annual report, the following statement of what seem to me to be the outstanding features of school interest, exclusive of the most important work of the instruction and training of children, during the year 1924.

Economy and the School Budget

In the report of one year ago certain economies in organization effected during the year were explained with the statement that, "The increased cost to the Town of the School Department for 1923 and 1924 is only one third of the increased cost of 1921 and 1922, two periods very similar in growth of school population and new school accommodations." These economies continue in effect and show their influence on the new school budget in spite of the large increase caused by new schools and additional teachers to conduct them. Comparative figures and percentages presented to the Finance Committee of Twenty-One by the School Department show that, had the reorganizations of 1923 and 1924 not been accomplished, the School Budget for 1925 would have been sixty thousand dollars more than is asked.

School Accommodations

The erection of the Peirce School and the addition to the Cutter School have relieved the crowded school conditions at the western end of the Town. The proposed school on Lake street will relieve the overcrowding of the Crosby School at the eastern end. These additional accommodations should make conditions in these two sections comfortable for a few years.

In the meantime, the Russell and Parmenter, the Junior High Centre, and the High School will claim attention.

Russell and Parmenter Schools

Due to the large building operations between Warren street and the Boulevard the increase of pupils at the Russell School has been at about the same rate as at the Crosby School, and the Russell may be said already to be crowded in spite of the fact that one class room is used as an assembly room. Six of the eleven classes at the Russell School have forty and more pupils, one having forty-four and another, forty-seven. These are too large and should be divided.

The Parmenter School has one class without a room, the extra class having sessions in the corridor; one class housed at the Russell School; and another in a portable building—makeshift of the war period. This room is unbearably hot on warm days, cold and draughty on cold days, and a great hindrance to the administration of the discipline of the school.

The simplest solution of the problem of overcrowding at both the Russell and Parmenter Schools lies in the purchase of property adjoining the Parmenter School, and the erection of a four room addition to that building. This or some similar measure should be undertaken at once to relieve the situation.

Junior High School Centre

The Junior High School Centre is crowded, but not as a result of moving the two room portable. Economies in class room organization have overcome the loss of those two rooms. This school was as crowded last year and the year before even with the portable building. The Junior High School Centre is crowded because every available space is used to the limit and class groups in the second and third years average forty pupils. These groups are altogether too large for efficient work on a departmental basis. One more group should be made in each class to reduce the average from forty to thirty or thirty five.

The Junior High School Centre will be increasingly more crowded until Junior High School East is built. The classes from the Crosby and Russell Schools have been coming to the Junior High School Centre at the rate of four classes per year. Next fall and thereafter they will come at the rate of seven classes per year. September 1925 will bring three or four more classes, September 1926, six or seven more classes, and September 1927, nine or ten more classes than the building can possibly accommodate. Junior High East should be available for use not later than September 1927. Until that time extreme inconvenience must be suffered by Jr. High Centre teachers, pupils and their parents in an effort to carry on the work under a platoon system to care for the excess classes. If Junior High East could be ready one year earlier, by far the greater part of this inconvenience could be avoided.

It had been intended to care for the first year of overcrowding at the Centre School by organization of a Junior High School unit at the Russell School or the High School building, but the large increase in the number of students at both of these schools has made that plan impossible.

High School

There are one hundred more students in the Senior High School than there were last year. Two hundred more students will be promoted from the Junior High Schools this June than will graduate from the Senior High School. With the additions from out of town this means at least 250 increase in the High School enrolment in September 1925, bringing the number of students to 850 or 900. This is about a capacity enrolment for the High School building.

We can manage for the coming year 1925-26 by remodeling the two lunch rooms into class rooms, and the swimming pool room into a lunch room. We can get through the following school year 1926-27 by remodeling the two wardrobe rooms into supervisors' offices, the two supervisors' offices into class rooms, and by installing in the corridors steel lockers for the street clothing of students. If the increase continues so that the number of pupils exceeds

900, plans should be made to relieve the situation either by the construction of an addition to the present plant or by the erection of a separate unit such as a Commercial High School, a Technical High School or a Classical High School, whichever appears to be the most desirable plan.

The Sub-Primary and Regrading Program

For a number of years in Arlington the schools were organized on the nine-four plan or nine grades in preparation for the four year High School course. While this plan was going out of effect in Massachusetts, the Arlington School Department renamed the grades, Sub-primary, First to Eighth, instead of First to Ninth. As the first grade work was taught in the Sub-primary grade, this plan effected no other change than that of re-numbering. The result has been that the Arlington schools have been "out of step" with those of neighboring towns in having nine grades where others have eight, or seven grades to Junior High School, where others have six. On this account children coming into our elementary schools from other towns have had to suffer a "set-back" of one year in the public school course. It has been rightly claimed by principals and teachers that the pupils did not suffer the loss of a year in the type of school work done because each of our grades was covering the work of the next higher grade. It must be admitted, however, that one year more was required of each pupil entering the elementary schools from another town, in order to finish the public school course.

The Arlington schools have an unusually good reputation. At the State Department of Education, throughout the State of Massachusetts, in the Town itself, one hears them spoken of as good schools. This fact has been one large contributing factor in the rapid growth of the Town. But the non-conformity of grading with other school departments has been responsible for making many, if not all, new residents having children in the elementary schools, dissatisfied and unhappy residents. Sooner or later this condition would react as a deterrent to the growth of the Town, and threaten the good reputation which our schools enjoy at home and abroad.

An effort was made to correct the situation two years ago when the School Committee authorized the reorganization of the sub-primary work, placing those classes on a single session basis with a course designed to prepare for first grade, teaching through the primer, and some kindergarten work. Since that time, not second grade work, as previously, but first grade work has been taught in the first grade and a normal grading program has thus been started.

This change, however, could improve the grading situation only a year at a time so that six years would be required to eliminate the grading irregularity from the elementary system. Realizing the desirability of earlier adjustment of the situation the School Committee authorized this year a regrading program worked out by the school administration which will result in making the grading of the Arlington School Department uniform with that of the majority of others. It is planned that this change will be completely in effect by September of this year, so that thereafter pupils entering from other towns need not face the necessity of taking one year longer to finish the public school course than would have been necessary in the town from which they came.

The Teachers' Council

Although the solution of the grading problem is the most important advance step in the School Department this year, the organization of the Teachers' Council promises to result in great professional help to the schools. The membership is composed of one representative from each school of less than sixteen teachers and two from each school of sixteen or more teachers. The Council is organized for the purpose of assisting the Superintendent and advising with him in the study of school problems. It also becomes a medium by which the teachers may approach the School Committee. Already real service has been performed by the Council on several school problems, chief of which is the new uniform course of study.

In closing, I wish to commend the teachers for their loyalty and devotion to their work, to thank the parents for their helpful interest and co-operation, and to express my gratitude to the members of the School Committee for the great assistance and hearty support given me in my work as Superintendent of Schools.

Respectfully submitted,

CHESTER A. MOODY,
Superintendent of Schools.

ST. JAMES THEATRE

"Nightie-Night," uproariously funny comedy by Adelaide Matthews and Martha Stanley will be presented next week by the capable Boston Stock Company at the St. James Theatre. The action of this fast-moving comedy has to do with the meeting of Billy Moffat, a married man who really and sincerely loves his wife, and Trilxie Lorraine, an actress whom he has known before his marriage. Trilxie is in serious difficulties, having married a man and lost him, all within a few hours. She confides her troubles to Billy, an innocent listener, who willingly agrees to help the fair lady in distress. Many amusing situations arise to keep the audience in gales of laughter. Bernard Nedell will play "Billy Moffat," the misunderstood husband; Elsie Hitz, "Molly," his loving but slightly jealous wife; Olive Blakeney will be seen as "Trilxie," the charming old time friend of Billy's; Houston Richards is cast as "Jimmy Blythe," Trilxie's wandering husband; Roberta Lee Clark has the teasing sister role; and Anna Laying will play Nora Craven, the movie mad maid.

ANNUAL GUEST NIGHT AT THE STUDY CLUB

Saturday evening, February 21st, occurred the annual Guest Night of the Arlington Heights Study Club, which was observed with an unusually interesting program because those taking part were well known and popular residents of the Heights. The affair took place in Locke school hall, about two hundred being present. The president, Mrs. George A. Clark, made an especially happy speech in welcoming the guests. She wore a silver and blue brocade that was particularly becoming and carried a large bouquet of pink and white sweet peas. Mrs. Clark also introduced the program, which opened with several selections sung by a male quartette, the personae of which were, Paul R. Bennett, Darrow Wilkins, tenors; Leroy P. Bezanson and Raymond Roubrough, basses. This quartette later in the program, sang a second group of songs that were enthusiastically received.

A one act play entitled, "The Neighbors," written by Lena Gale, and which was presented without royalty through the courtesy of the Walter Baker Co., gave opportunity for some of Arlington's talent to express themselves in dramatic art, and this they did so successfully that many compliments were showered upon them at the close of the performance.

The stage limitations, together with the lack of scenery and drop curtains, would have been a handicap to one less clever in overcoming this deficiency, but under the direction of Mrs. Harold L. Stratton, the coach, who has had a good deal of experience in dramatic work, this difficulty was bridged to the entire satisfaction of all.

The scene was laid in the kitchen of the home of Mrs. Diantha Abel where all the action took place. The make-up of each character was splendid, but the two which stood out the more prominently, were the characters impersonated by Mr. Norval Bacon and Mrs. Bert S. Currier. They were capital. Miss Bessie Stratton did the make-up work. The characters in the order of their appearance follow:

Grandma Mrs. Bert S. Currier
Mrs. Diantha Abel Mrs. F. Gruber
Ezra Williams Mr. Norval Bacon
Peter Mr. Brenton Roberts
Miss Helen Stinson Miss Helen Stinson
Mrs. Elmiria Moran Mrs. C. Johnson
Mrs. Trot Mrs. C. F. Morton
Mrs. Carry Ellsworth Mrs. H. Stinson

At the close of the play, the president announced that after the serving of refreshments, the remainder of the evening would be given over to general dancing, cards being provided for those who did not wish to participate in that diversion. The Bungalow orchestra played for dancing, in which most of those present participated.

The evening was delightfully informal. It was a pleasure to meet among the company, some whose faces have been missed at the Heights, but who have long been identified with it. It was a handsomely gowned assembly. Another notable feature was the presence of many young people.

There was a special committee appointed for the entertainment and its many details. The members of this were Mrs. Leroy P. Bezanson, Mrs. Norval Bacon, Mrs. Mervin Brown, Mrs. Clifford Dumble. The hospitality committee of the club, who acted as ushers and arranged for the comfort of the guests is made up of the following ladies: Mrs. H. A. Taudien, Mrs. Herbert A. Snow, Mrs. Bruce Black and Mrs. George H. Lloyd.

TWO SUCCESSFUL REUNIONS

For The Benefit of St. Agnes Par-
ochial School and St. James New
Church.

The annual reunion of St. Agnes Church was held in Robbins Memorial Town Hall, February 18, when the hall was taxed to its capacity. During the early part of the evening there was an excellent orchestral concert, dancing following in the main hall until late into the night. For those who did not care to dance, there was whist in the rear of the stage and in the corridors. Fifty-six souvenirs, donated by many storekeepers and individuals, were awarded the holders of the best scores for whist, both in bridge and straight whist. These souvenirs comprised household articles, food, fancy articles, bric-a-brac, cut glass, silverware, pictures, and the like. Rev. Joseph J. Leonard and Rev. Donald F. Simpson, assistants at St. Agnes, had charge of the affair, assisted by a large corps of men and women of the parish. The proceeds of the party, which will be a large amount, will be donated to the church building fund for the new Parochial school, which is expected will be ready for use with the opening of the schools next September.

Monday evening, Feb. 23, St. James Parish held its 10th annual reunion in Robbins Memorial Town Hall. The affair was a grand success and a large sum was netted for the church building fund. A sketch of the proposed new church was on exhibition during the party. Ground will be broken next month for the foundation. The pastor, Rev. Dr. Maurice J. O'Connor, and his assistant, Rev. John J. Morrissey, were assisted by a large committee of men and ladies of the parish. The main hall, as well as the balcony, was filled to its capacity. Rev. Rudolph Tischer, now of Medway and former assistant at St. James, and Rev. James Daley of Marycliff, were guests of the evening. There were many former parishioners among those who attended. General dancing was participated in, between which there was an excellent vaudeville program, made up of a Marathon of songs and stories by Billy Barker and Arthur Dunn; stories by Billy Murray; novelty sketch by the Misses Helen and Elizabeth Schwartz; solos by John Quinn, with Thomas Quinn at the piano; dances by Baby Brown and Hester Keane; and dances by Rita Lally.

MR. AND MRS. P. ALF ANDERSON

Grateful To Friends For A Lovely Lamp

A mysteriously package arrived recently by parcel post to the home of Mr. and Mrs. P. Alf Anderson at 131 Crescent Hill avenue that was so shrouded in mystery that for a time Mrs. Anderson deliberated about opening it. However, she finally decided to do so and much to her surprise, found that the mysterious package contained a beautiful electric lamp with a china shade decorated in a landscape scene. From whom the present came is still a mystery, which the Andersons would like to learn.

Last October the Andersons, with their family, moved into their new home which they are now occupying. At that time only a few were aware that the day of moving was also the date of the Andersons' twenty-fifth wedding anniversary. Among the number were friends in the Swedish Lutheran church in Cambridge, where Mr. and Mrs. Anderson are charter members and where Mr. Anderson has served as a deacon for thirty-two years, or since the church was organized. At that time a surprise planned by the church friends was given the couple when silver ware, as well as a beautiful parlor rug, was presented to them. The Arlington Heights neighbors, when they learned of the anniversary, also expressed their intention of giving Mr. and Mrs. Anderson a house warming, and they are now of the opinion that this recent valuable and useful gift was the result of their planning.

Mr. and Mrs. Anderson, therefore, wish through the Advocate, to thank all those who contributed to the useful gift and to invite them to visit and inspect, not only their new home but the gift, which will remain a lasting memory of the thoughtfulness of neighbors of the Heights.

MEMORIES OF WASHINGTON AND LINCOLN HONORED

Most of the Arlington schools had special exercises on Feb. 12, set apart by proclamation of Gov. Fuller for Lincoln Day observances.

By the principal and teachers of Crosby school, a joint date for Lincoln and Washington birthday observance was arranged for Friday, Feb. 20 being the day chosen. The school shelters more than 900 pupils and as the main hall will not accommodate much more than a third of that number, the programs were presented in three parts, one during the forenoon session and two in the afternoon.

The programs of these three groups were exceedingly interesting, interspersed with vocal and instrumental music, bringing out as they did salient points in the lives of both Lincoln and Washington. In connection with the first of the after-noon programs, Alfred H. Knowles, Commander of Mass. Dept. Loyal Legion, gave an address that claimed most attention and Past Dept. Com. Henry Clark and comrade Charles S. Baker were the representatives from Post 36, G. A. R., in closing the second list of exercises.

An exceedingly pleasant feature of the afternoon was the presentation of letters to the boys and girls who had qualified to receive them through excellence in athletics by Supervisor Haricus.

A considerable group of parents of the pupils attended these exercises. The compliment teachers on excellence of the programs and the pupils on the latter perfect manner in which they were given.

ELABORATE ENTERTAINMENT GIVEN BY LADIES' GUILD

That the Ple Social and entertainment given on Wednesday evening, Feb. 18th, in the Parish rooms of the Church of Our Saviour by the Ladies' Guild, was successful was manifest in the large number attending and the many comments and words of praise heard since.

The entertainment was most elaborate, it consisting of living pictures or tableaux of famous pictures, stories, historical persons and events and many interesting and attractive studies in a large frame hung with velvet curtains, which were attended to by the heralds in satin prince costumes, the heralds being Lillian Morine and Dorothy Friery.

The music for the scenes was furnished by Mrs. Helen Hunt, pianist; Master Henry McConnell and Mrs. Miriam Tracey, soloists.

The costumes were beautiful and the acting of each taking part, was splendid. The committee in charge was chairmaned by Mrs. Elmer Lewis and Mrs. Rowlie Barber and was made up of the following members: Mrs. William Clark, Mrs. W. P. Harrison, Mrs. W. Herendeen, Mrs. C. Whittier, Mrs. D. Stanley and Mrs. Edwin Lenk.

At the close of the program, pies were sold with coffee. The committee anticipates repeating the program at some later date.

A GOOD CATCH THAT MAY RELIEVE ARLINGTON PEOPLE

It may relieve many of the householders to know that on last week, Feb. 18, one Edward Sullivan, alias Edward Scanlan, alias Raymond Arnold, was in Superior court, charged with breaking and entering in Arlington, and sentenced to not less than two and a half years and not more than four years in State Prison.

For some weeks past, Lieut. Daniel M. Hooley has been at work on the many petty breaks in town. Among the more recent, was one at the home of Ernest G. Melbery, 10 Brattle street, where about \$175 worth of jewelry was stolen. On the day of the break, a young miss who attends the High school, saw a man come from the Melbery house and go over the back fence. She told this to Lieut. Hooley.

A short time later, a Medford man was attracted by the sound of someone trying to get into his home by means of false keys, and, opening the door suddenly, a man fell into the front hall, said man having been trying to get a key into the lock. The burglar was arrested and Lieut. Hooley, when he heard it, went to the Malden court in company with the young miss who had seen a man at 10 Brattle street. She identified him at once.

For the Medford job the man was sentenced to six months for attempted breaking and entering. He denied all charge of being in Arlington and stated that he was miles away at the time. Lieut. Hooley went to the District Attorney's office and procured the necessary papers to have the man indicted in Superior Court and brought in. In this court the man confessed to the break and received the sentence named above, this in addition to the one received for the Medford job.

A MARTHA WASHINGTON SUPPER AND ENTERTAINMENT

A Martha Washington supper was given at Trinity Baptist church on last evening, Thursday, Feb. 26th, at 6.30 in charge of a large committee, members of the Women's Circle of the church, chairmaned by Mrs. Alma Creelman. The decorations were of red, white and blue, carried out effectively with Washington Day novelties, flags and candles. Fourteen tables seating sixteen at each, occupied the lower rooms of the church. At each table a member of the Circle in Martha Washington costume and powdered wigs, acted as hostess. They were Mesdames William A. Corcoran, W. I. Marsters, H. Warren Foss, John B. Calkins, Guy Jones, T. B. Kinney, Jessie Moore, Jesse Fletcher, Harry L. Metter, William S. Maddocks, Laura Farnum, Charles L. Pierce, Charles E. Farrow and Maude Southgate. Following the supper an entertainment, the last in the Community Course of entertainments that have been held at the church during the winter, was given in the auditorium at which time, Yarrick, the Magician, entertained with countless sleight of hand and other magic tricks.

MRS. ABBOT ALLEN

Winnie Gifford, wife of Mr. Abbot Allen of Concord, Mass., but formerly of Arlington, passed away at the family home Tuesday, February 24th. Mrs. Allen has been declining in health since Thanksgiving and while skilled medical advice has been employed, nothing could be done to prevent the inroads of the disease that gradually sapped her life. She had been a patient at the Peter Bent Brigham hospital, where she went for observation, but on the advice of the hospital staff, she returned to her home only a few days before she passed away. Mrs. Allen was the daughter of Chas. and Laura H. Gifford of Gardner, Me., and was born July 11th, 1869. On October 5th, 1897, she married Abbot Allen, the second son of the late Henry Allen who was long identified with Arlington and its interests, carrying on an extensive farm, which after his death was continued by his sons, Mr. Abbot Allen continuing the farm on Massachusetts avenue (living in the homestead) but now cut up into many streets and covered with homes. In 1920 Mr. Allen and family moved to Concord, where he had purchased what is known as the Hosmer farm. Although removed from Arlington, Mrs. Allen retained her membership in the Arlington Woman's club. She was also a member of the Concord Woman's club. A woman of refinement and of unusual personality, she has made her life an inspiration to every one that has come in contact with her, and in her home her life has been a benediction.

The funeral was held Thursday afternoon, at 2.30, from her late resi-

dence, the devotional services being conducted by Rev. Nathan E. Wood, former minister of the First Baptist church in Arlington, where the Allens have long been identified. The Apollo Male Quartet sang selections. The interment was in Mt. Pleasant cemetery. Besides her husband, Mrs. Allen is survived by five children, namely Henry Vaughn, Laura Hildreth, Arthur, Abbot Jr., and Gifford, all of whom reside at the family home in Concord.

MRS. LUCY B. SMITH

Came of Revolutionary Stock

Mrs. Lucy B. (Russell) Smith, widow of James E. Smith, who died nearly 50 years ago, passed away Monday, February 23rd, at the home of her daughter, Mrs. A. Eugene Cotton of 1054 Massachusetts avenue. She was born in West Cambridge, now Arlington, October 19, 1836, and was a descendant of Revolutionary stock. Her father, Josiah Harrington Russell, was town clerk of Arlington for seventeen years. He gave liberally toward establishing the First Universalist church in Arlington and was a prominent and influential citizen of the town, carrying on the insurance business. Her mother was Mary Ann Willard. Besides being a member of the First Universalist church, Mrs. Smith was also a member of the Arlington Historical Society.

The funeral was held Thursday at 3 o'clock at the First Universalist church, the devotional services being conducted by Rev. C. F. Patterson, who spoke in a reminiscent vein of the influence Mrs. Smith's worthy ancestors had had in shaping the history of the town. Miss Olga Mansfield sang three numbers. The interment was in Mt. Pleasant cemetery in the lot Mr. Smith had been one of the first to purchase. Besides Mrs. Cotton, Mrs. Smith is survived by a son, Edward L. Smith, also of Arlington, eight grandchildren and six great-grandchildren.

LUCY LEE IS THE WINNER

Of The Smile-While Cross-Word Puzzle.

Lucy Lee of 103 Medford street, Arlington, was awarded the \$5 prize given by the Smile-While gift shop in a recent cross-word puzzle contest. The prize was given by Rose Whitney Smith of the shop, to the one who would make the best cross-word puzzle telling what she considered the most attractive department in the shop. Her verdict worked out in a puzzle, will be found elsewhere in this paper.

NAVY AND MARINE MEMORIAL

Throughout our great nation a public appeal is now being made for approximately \$500,000 to erect at Washington a fitting memorial to those who have given their services on the sea for the welfare and protection of the country.

Congress has allotted to it a most conspicuous site in the Capital and the project is endorsed by the Secretary of the Navy and other men of national prominence.

It is unlike any other monument in the country, as it glorifies no individual, no battle, no war, but rather the men of all times who have given their services on the sea, some of whom have made the supreme sacrifice and some who have not.

COSTUME PARTY AND DANCE

AT THE NURSES HOME

A costume party and dance was given on the evening of February 14, at the Nurses Home on Hospital hill, under the auspices of the Symmes Arlington Nurses Alumnae Association. The home was decorated, cupids hearts and ribbons making a most fascinating picture. There were many novel, as well as handsome costumes, which made it somewhat difficult to award the prizes offered. They were bestowed on the following: First gentleman's prize, Dr. Oscar Creely, of Watertown; second gentleman's, Mr. Alfred Hartford of Providence; first lady's prize, Miss Irene Moors of Arlington; second, Miss Eunice Grant of Cambridge. Knowlton's orchestra furnished the music for dancing and at intermission, ice cream and candy were sold.

Expert Radio Installation

If you are thinking of putting in a radio set, why not do it right? It is by far the cheapest in the end. Radio is a highly technical industry and your results will depend on how your set is built, apparatus that is in it and its installation. Guess work in radio is very unsatisfactory and many times more expensive in the end. I offer you 20 years' experience in Electrical, Mechanical and Radio Engineering. If you take my advice on your radio equipment, I guarantee you full satisfaction and furnish you with any advice or coaching that you may need. I can furnish you with references from others who will gladly tell you what my services have done for them.

God is here, now, though we know it not. Do we find and know Him in our own lives as we may and should find Him? When we put Him far away in ancient times or in distant space, we cheat our hearts of their most precious boon. He is not far from us, and it is our grievous blunder to pass a day without His august and tender companionship. For He is our mystic, inmost companion, with us in our daily tasks, lifting us when we falter and stumbling, cleansing and comforting us in the tangle of life, touching our souls with visions of a diviner estate.

If You Think You Can't Build a Home, This Will Interest You

We know that some folks think they can't afford a home of their own. They CAN and DO pay rent month after month but building a home seems like an insurmountable undertaking.

If you feel that way about it let us give you the names and addresses of several families that felt the same way about it until we proved to them how easy it really was.

Today those families are living happily in homes we helped them to build.

And their only regret now is that they didn't realize years ago how easy it really is to build.

There would have been hundreds of dollars ahead now—enough to more than pay for a good car and garage and all the operating and upkeep expenses

Put the home first in your plans this year and you will soon be able to enjoy both the home and the car.

Let us talk with you about this soon.

EAST ARLINGTON

*A Carnival of hilarious joy. Rotary Club Show, Robbins Town Hall, March 13th.

*Miss Evelyn Muir of Lake street has returned to her home from the hospital.

*Mrs. Julia Miller of 10 Magnolia street has been confined to her home with a severe attack of the grippe.

*Miss Carrie Hutchinson of Cleveland street spent the week-end and holiday at Bridgewater, Mass.

*Mr. and Mrs. James McConnell entertained Mr. and Mrs. Richard Davidson of Hartford, Conn., over the past week-end and holiday.

*Mrs. John West entertained the Sewing Committee of the Women's Guild of the Church of Our Saviour on Tuesday afternoon at her home, 40 Melrose street.

*Mr. and Mrs. Frank I. Hadley of 99 Mass. avenue entertained Mr. Hadley's sister, Miss Flora Hadley of Lowell, Mass., during the holiday and week-end.

*Mr. Charles Brown returned on Sunday from the Mass. General Hospital and has gone to his mother's home at Center Barnstead, N. H., to convalesce from a recent operation.

*A group of boys of the Church of Our Saviour, in charge of the pastor, Rev. W. N. Bixby, attended the track meet at Boston Y. M. C. A. on Monday afternoon and in the evening went to the services for boys at Trinity church, Boston.

*Ash Wednesday services were held at the Church of Our Saviour at 7 o'clock in the morning, which was the Holy Communion service; the children's service at 4 o'clock and evening service at 8. During the Lenten season on Friday evenings, there will be special services with outside speakers. Instead of the social hour which the pastor, Rev. Warren N. Bixby has been holding at his home after the Sunday evening services, the pastor will have a class.

*In observance of Washington's Birthday, a special patriotic musical concert was given at Trinity church, Sunday evening, Feb. 22, at 7 o'clock. The flags and other patriotic emblems and colors were used as decorations. The choir, assisted by a large group of young people, led the singing of patriotic songs. Selections were also given by a trio made up of the following members: Mr. and Mrs. Charles Farrow and Mr. Edward G. Hoeg. The pastor, Rev. J. E. Norcross, gave a short address. At the baptismal service three candidates were baptised.

*Miss Olive Hastings, who has been in Burma, India for the past five years, and who is now on a year's furlough, spoke of her work in that country before a large and enthusiastic audience, Wednesday evening, February 25, at Trinity Baptist church. The Missionary Dept. of the Women's Circle in charge of Mrs. F. E. Durling arranged the meeting. Her address was most interesting. A solo was delightfully rendered by Mrs. W. A. Corcoran, accompanied at the piano by Mrs. York A. King. Tea was served and an informal reception to Miss Hastings followed. Mrs. Durling was assisted by Mrs. M. Hoeg, Mrs. Jesse Fletcher and Mrs. T. B. Kinney.

ARLINGTON ROTARY CLUB HOLD LADIES NIGHT

This interesting affair, substituted for the regular noon meeting of the club, was held Wednesday evening at Middlesex Sportsman's Ass'n building, the dinner being served in the main hall from three tables the length of the hall and the guest table parallel to the stage. It was by no means an ideal evening, so far as weather was concerned, but only those members detained by illness failed to be present and those attending had guests.

Each lady present had at her plate, a small box, on opening which the recipient found a dainty gold and blue enamel Rotary badge in miniature, the gift of Mr. David Buttrick. At an opportune time Miss Grace Parker happily voiced appreciation of the courtesy.

An orchestra gave selections as the company was assembling, also while the dinner was being served, and for the dancing that concluded the festivities. These musical entertainments and dance the club is to give March 13, which, by the way, tures were supplemented with the singing of Rotary songs, the leader and director being Rev. M. M. Thornburg of Stoneham, a real genius in this line of service.

After a brief interval devoted to transaction of club business, including reports of the big dramatic promises to be a great success, President L. E. A. Smith introduced, Mrs. Roger W. Homer, president of Arlington District Nursing Ass'n, who, in a clear manner, told why the Association had caused to be inserted in the town warrant a request for a \$1,000 appropriation to carry on the work, which is reaching out and giving such splendid service to those in town who need the ministrations of a District Nurse. She made it clear to all present, that this work should be better supported by townspeople.

At the conclusion of Mrs. Homer's informal talk, Mr. Smith turned the exercises over to Rev. Dr. Potter, who most pleasantly introduced his friend, Rev. W. Quay Russell, of Malden as the speaker of the evening.

Mr. Russell has a fine stage presence, the oratorical voice, a fund of humor that seems to be inexhaustible. These qualities were brought out in his introduction to his serious theme, "The door opening outward from which flows kindness, helpfulness and service."

Chats with Your Gas Man

FROM INCUBATOR TO
CREMATORY

GAS heat may begin with the incubator and end with the crematory, yet between these widely separated uses there are five thousand other applications for this ideal fuel.

Gas service is rapidly becoming the king of fuels. It is just as important a burden bearer in the shops, plants and factories of America as it is in the millions of homes where it has become a necessity. And the opportunities for its further development are stupendous.

When gas pipes go into a plant, ashes, smoke and soot leave forever. Uncertainty of delivery, price changes on fuel and similar troubles are solved at once. Plant space is increased, money formerly tied up in fuel reserves is released and workmen are happier because they do better work in more pleasant surroundings.

Is it any wonder gas service is growing?

ARLINGTON**SPORTS****BIG CROWD SEES SALEM
WIN FROM ARLINGTON**

The Arlington High school basketball team was forced to accept a defeat on Friday evening of last week, at the hands of the Salem Basketball team, which was witnessed by a large gallery. However, both teams were evenly matched, but Salem got the breaks in the game when they counted most for the team, then again, Salem played in perfect form, as far as team work was concerned.

Salem got the lead and held it, although in the last period Arlington showed far better basketball than did the visitors. It was nip and tuck through this period and at one time only one point separated the two teams. Excitement ran high and each team had its own full quota of rooters. At the end of the first period the score stood Salem eight and Arlington four. At the end of the first half, Salem twelve and Arlington six. At the end of the third period Salem 16, Arlington 12. Close of the game Salem 21 Arlington 18.

This win for Salem makes honors equal between the two teams, Arlington having beaten Salem at Salem 25 to 12. It is now probable that there will be a return "rubber" game which may be played on some neutral court, probably at Lynn.

Capt. John Lane and Alton Masters were the principal point makers for the home team. Wineapple, Roby and Lomasney played well for the visitors.

As a preliminary game the Junior High Center team played the High school second team and won 16 to 10 in a battle royal.

The score of the principle game:

SPORT COMMENT

Team A of the Community Club of Arlington bowling league, romped away with all four points from Team E in the matches rolled on the Arlington Alleys last Friday evening. Team C took three from Team F and Team D won four from Team B. Whitcomb is up to his old tricks again and has started off on this last half of the league season by hitting for over 300. He is the anchor man for Team C.

The High school Ice Hockey team is done for the season. The mild weather has put the out door rink out of existence and the only place available is the Arena where it is next to impossible to get a chance for games.

Dr. William T. McCarty, coach of the High school track team will probably get his men started for the season on April 19. He intends to arrange some sort of program in connection with the celebration to be held here.

An article has been inserted in the town warrant once more asking for an appropriation for filling back of the High school lot. It is the plan of the Park commissioners to make a big athletic field here and they feel that it is needed and that something definite should be started this season. There is to be a big water main run through here soon and that means that there will be lots of filling available that could be dumped back of the High school on the lot laid out for the playground.

For some weeks the Elks team has been leading the town bowling league by a good margin but on Thursday night of last week they dropped four points to the Knights of Columbus team. This left put the Knights into second place. This match was a battle royal between the two teams, the Knights drawing steadily away in the last two strings. The Regent Alley team took the Town Team into camp for three points and went into third place. Sam Johnson of the Regent team, again showed that he is some bowler with a three string total of 325. He had to divide the single string honors with his team mate, Hurley with 122. As the league stands now the Elks have 39 wins to their credit, Knights of Columbus 35 wins, Regent alley 29 and Town team 28.

It may be possible that the followers of the High school football team may have a chance to see the Arlington team lined up against such teams as Everett, Haverhill, Newton and Newburyport this coming season. Faculty manager Paul M. Boynton is trying to make satisfactory arrangements with these teams. In addition the boys will again be in the Mystic Valley league and are in hopes again to carry off the championship. It is a little early to be talking football while we are still in the middle of winter, but the schedule has to be made up now if the teams are to have any good games on their schedule.

The bowling team of the Middlesex Sportsman's Association in the Amateur Boston Pin League was forced down into third place on last week and is now having a hard fight to get up on the top. They are three points behind the Medford club, leaders of the league and only one point behind Oxford Club for second place. In the Newton League series, the M. S. A. team is still holding out in fifth place but there are only two points difference between their stand-

ing and the standing of the team in second place, and only four points between them and first place.

The teams in the Inter-Church League had a vacation from bowling this week on account of the holiday, but will get going again next Monday night.

**COMRADES OF FATHER
ENTERTAINED AT REUNION**

For a considerable number of years it has been the custom of Chief of Police Thos. O. D. Urquhart, to provide dinners for members attending the annual reunion of surviving members of the 14th Mass. Battery that rendered service in the Civil War, of which his father was a member.

When Mr. Urquhart had finished the building and furnishing of his house on Arlington Heights, that was made the meeting place of the old comrades, and last Sunday the doors of the spacious bungalow on Pine Ridge road were again thrown open and a cordial welcome extended to the few veterans able to be present. The membership of the association (formed in 1879) has now dwindled to twelve. Of this number eight were able to be present on Sunday, and as some brought wife, son or daughter, also a few grandchildren, the company numbered about thirty. A table set in the dining room with a right angle extension across the wide hall, furnished ample accommodation and from it a rather elaborate and highly enjoyable dinner was served, young friends of Mrs. Urquhart assisting her in waiting on table.

Comrade Eugene O. Sanborn is president of the association, and when the good things provided had been disposed of, the business meeting opened and after the few routine items had been disposed of it broadened into a pleasing social affair, members of the battery telling army stories, and younger guests and ladies present contributing to the entertaining of guests. Post 36, G. A. R. was represented by comrades Parker and Knowles, both of whom responded to invitations to speak.

The afternoon was well advanced when guests bid adieu to their hosts with hearty thanks for pleasures realized, on a marvelously beautiful day, in a home commanding such a splendid view of surrounding country.

**ARLINGTON LODGE OF ELKS
HOLD A TWO DAY BAZAAR**

Arlington Lodge of Elks held its first indoor bazaar in Old Town Hall on Saturday afternoon and evening of last week and on Monday afternoon and evening of this week, when the old hall was transformed into a most attractive place by the use of banners, bunting and flags. Most everything one desired was to be found on the many tables. There was a big vegetable market, extending the entire length of the stage, which was most inviting and attracted many. Besides this, there were booths where were found fancy articles, rugs, kiddie cars, novelties, pictures, candy, blankets and even a booth where delicious hams could be purchased, not to mention the smaller attractions. Every booth found ready customers and those who remained through the evening were given an opportunity to patronize the lunch counter.

The small amounts asked for the various articles attracted a large number of buyers for there were many bargains. One special attraction was a radio set complete with loud speaker and this was won by William Murray, Atlantic avenue, Boston.

There was a very efficient committee in charge of the bazaar, headed by Luke A. Manning. The ladies committee, of which Mrs. Frederick Gay was the chairman, did much to make the affair the financial success it was, as did all the members of the lodge, for the proceeds will be used for their new home, at the corner of Mass. and Bartlett avenues.

**MOTHER'S CLUB PRESENT
AN ENTERTAINMENT**

The Mother's Club entertained a large number on Tuesday evening, Feb. 24, at the Church of Our Saviour Parish rooms, with a delightful program, consisting of two plays and musical numbers. Mrs. Henry W. Rowntree was in charge, while Mrs. Percy S. Morine, chairman of the club, was hostess of the evening.

"A Dream Lesson," a fairy play with a delightful setting in a garden was cleverly given by sixteen children of the Sunday School, who took the parts of fairies and flowers. Their costumes which were attractive and colorful, were made by the club members. Master Paul Hawkes entertained with a solo, accompanied at the piano by Mrs. Henry E. Richards. At intermission candy was sold. "The Bachelor's Revue," a pantomime, was also well given by the following club members, assisted by Mr. Franklin P. Hawkes, who played the role as the bachelor:—Messrs. H. B. Kellogg, Claude Hamilton, Warren N. Bixby, Henry Richards, Henry W. Rowntree, C. M. Cobb and F. P. Hawkes. This social event was the last of the club's activities until after the Lenten season.

**ARLINGTON WOMAN'S CLUB
LEGISLATIVE AFTERNOON**

At the annual Legislative Meeting of the Arlington Woman's Club, February 19, Mrs. Harry Atwill of Lynn, past State Legislative Chairman, presented in a very clear and forceful manner, the following bills to be considered at the Mid-Winter Legislative Meeting at Malden, Feb. 26.

State Measures. A Senate Bill 15, petitioning for certain amendments to the Civil Service Law of Massachusetts. B. Senate Bills making women liable for jury duty in Mass; C Senate Bill 22. Wages for Prisoners.

Why the "Taxpayer" Garage?

BECAUSE the income to be realized from a garage of this type so quickly absorbs the taxes, interest and other charges on property not yet improved, it is called the "Taxpayer."

It has proven an unusually popular model, and may be built to house one, two or several cars, depending upon your requirements.

The cost? It's exceedingly moderate—and its simple type of construction makes it very easy to build. We'll be pleased to quote you upon any size you may desire.

A reliable man to build the garage and put in the cement work will be recommended should you be interested.

Arlington Grange No. 376 P. of H. conducted a very successful costume party in Odd Fellows Hall, Monday evening. MR. ELLIETT'S POSITION

To the Citizens of Arlington:— Fair representation is a fundamental principle of this American form of government. Obviously to obtain this there must be proportional representation in Arlington as well as in Washington. In asking for your support at the polls on March 2, I do so believe that all the citizens of Arlington want equal representation and my election is a step in that direction. At the present time, as we all know, there are three members of the board who live quite closely together as follows: Mr. MacMillin, 95 Jason street; Mr. Prescott, 75 Jason street; Mr. Pond, 48 Academy street. This means that all the members of the board live on the south side of Massachusetts avenue between the town hall and the Heights. With all due respect to these men and their ability of course, it is obvious that the parts of the town not represented cannot have quite the same sympathetic and understanding treatment and service that they would have with their own representative. The whole north side of the town from Mass. avenue and Broadway to the Winchester line, and from the Lexington line to the Somerville line have no local representative on the board. Neither has East Arlington from the Cambridge line to the town hall.

I am appealing to all the citizens to give every section of the town fair and proper representation and a step in the right direction I believe will elect me, or at least someone, from the northwest section this year, then next year elect a member from the Morning side and Medford street section; with a member from East Arlington and one from the center of the town would have a better balanced board better able to care for the interests of every section in a fair and equitable way. I respectfully ask your vote and urge this as one reform and move necessary to make the town government truly and honestly representative and therefore best fitted to serve the best interests of the greatest number.

DEMONSTRATION BOARD
PUBLICITY MATERIAL

Telephone users will have an opportunity next Monday evening, Mar. 2, to go behind the scenes with telephone workers and to see for themselves the whys and wherefores of telephone operating. The entertainment will be given at High School Hall, under the auspices of Arlington Board of Trade, which has arranged with Manager Lovejoy of the New England Telephone & Telegraph Co., to bring to Arlington a unique demonstration.

Actual switchboard will be set up on the stage—not dummies, but live switchboards duplicating all the intricate electrical features of a regular central office switchboard. They are complete with storage batteries and ringing generators, signal-lamps, cords and plugs, keys, multiple jacks and the trunk lines necessary to complete connections in the same office or between different offices.

These switchboards will be operated and explained not by professional entertainers, but by real telephone operators—young women who leave their regular switchboard service to demonstrate their daily work to interested audiences. They are Miss Helen Corcoran, Miss Mary Halsey, Miss Mary Rycroft, and Miss Mary Kiley.

The program opens with a short introductory talk by Mr. John F. Scott of the Telephone Company's Commercial Department. A motion-picture story—"Making Telephone History"—will be shown. The workings of the machine-switching dial telephone will be briefly explained by means of a giant dial. But the greater portion of the evening will be given to real telephone operating.

Incidentally, telephone users will be shown what brings about some of our telephone annoyances—busy lines, slow answers, cut-offs, etc., and many good-natured hints aimed at securing subscribers' help in bettering telephone service feature several sketches in which telephone men and women take part.

The entertainment will be given without charge for admission. An instructive and amusing evening, as well as a cordial welcome, is assured those who attend.
